

Seat Selection Reference Sheet

Please use the chart below, as a general reference guide, to help you select the appropriate FC or TC seat for you. Our goal is for the hips to be snug in the seat and the halo to hit as high up on the cheekbone as possible, while still allowing proper vision over it.

If you are still uncertain please fill out a measurement chart on our website and we will be happy to assist you in finding the correct size and style of seat.

Standard Height Seats

Seat Size	Height	Weight
14	5'8" - 5'11"	125-150
15	5'8" - 5'11"	150-175
16	5'8" - 5'11"	175-205
17	5'8" - 5'11"	205-240
18	5'8" - 5'11"	240 and up

1" Tall Seats

Seat Size	Height	Weight
14	5'10" - 6'1"	130-160
15	5'10" - 6'1"	160-190
16	5'10" - 6'1"	190-220
17	5'10" - 6'1"	220-255
18	5'10" - 6'1"	255 and up
